Course withdrawal policy

- Withdrawal from the course is not allowed after the class starts.
- Students may withdraw after completing their current course before moving to the next one.

Reasons:

- Courses follow a structured sequence; you cannot fairly judge the course if you leave midway.
- Seats are limited, and vacated spots cannot be reassigned midway.
- It impacts the progress and experience of the whole group.
- Program planning and monthly payments rely on full commitment, and withdrawals create a burden on continuing the batch.
- This policy ensures fairness and smooth operation for all students.

Group Merger

1. Student groups may be adjusted or merged to maintain a better learning environment and keep the course affordable for both the academy and students.
2. If the number of students in a group falls below 10, the group may be merged with another batch of a similar level.
3. After merging, the total number of students in a group will not exceed 15.
4. Class timing may change slightly within the same scheduled days—either in the first hour after Isha or the second hour after Isha—for better scheduling and management.
5. The assigned teacher may remain the same or may change after the merger. In case of a change, the new teacher will have the same level of qualification, experience, and professionalism to ensure consistent learning quality.

Each level has 8 chapters and includes:

- 8 Mid-level exams (after every 2 chapters)
